

PharmaForum 2009, am 3. November in Frankfurt am Main

1. Company

W.C. Heraeus GmbH;
Heraeusstrasse 12-14; 63450 Hanau; Germany
Business Unit Pharmaceutical Ingredients

Contact person:

Mr. Alexander Wörner
Tel: +49 6181-355446
Fax: +49 6181-354302
e-mail: alexander.woerner@heraeus.com

2. Core Competences

Production of highly potent APIs (hAPIs) used in oncology:

- Pt-based API's
- Molecules made by organic chemistry
- Fermentation based APIs

3. Cooperations offered and requested

- Exclusive development, scale-up and commercial production of New Chemical Entities (all oncology)
 - Capable to handle substances equivalent to class IV Safebridge for all standard chemical operations at volumes up to 1600 L
 - Microbial fermentation of hAPI's
 - Downstream purification by large scale HPLC, extraction, reverse osmosis
 - Full analytical and regulatory support

CV Dr. Friedrich Wissmann

Dr. Friedrich Wissmann
Dipl.-Chem.
Manager BU Pharmaceutical Ingredients

W.C. Heraeus GmbH
