2. Core Competences

Midas Pharma is an independent marketing and sales company bringing together companies with different interests and capabilities.

Our objective: To be the partner of first choice in all questions concerning Active Pharmaceutical Ingredients, Custom Synthesis and Biotech Products, Pharmaceutical Contract Manufacture, International Licensing or Registration Dossiers and Regulatory Affairs. Pharmaceutical development partners make use of our company in order to market their registration dossiers and special development projects.

3. Cooperations offered and requested

Midas Pharma is interested in R & D projects concerning chemical synthesis and pharmaceutical formulations. Furthermore we offer start-up companies our support in transferring innovative projects into the international pharma market.
