## **2. Core Competences**

PHAST is a Pharmaceutical Company with focus on Quality Control (batch release & EU retest, stability studies according ICH guidelines) and method development as well as validation. PHAST takes over Customers' responsibility for manufacturing, QC and market release as well as import of drug products. The cGMP conform analytical testing, which has been inspected in 2006 and 2009 by the FDA, deals with Small Molecules as well as Biologicals. For Clinical Trials PHAST coordinates the supply at customers site.

## **3. Cooperations offered and requested**

PHAST is an analytical services provider for R&D Pharmaceutical Companies. Our cooperation can be project / product related as well as over flow management support. We provide our services at our facilities as well as at Customer site.
